Re: TAPS Quality Bank Methodology Tariff

---

When I made the most recent Quality Bank tariff filing, I neglected to state on the face of the tariff (Supplement No. 2 to each of your Quality Bank methodology tariffs) that it cancelled Supplement No. 1. This error was brought to my attention by FERC. The enclosed correction supplement is being filed at the direction of Dora Harley, who apparently now works for Dave Ulevich.

I will arrange for the tariffs to be filed for each of your companies on Monday. However, please note that on Monday you need to serve a copy of the enclosed tariffs on each subscriber to your Quality Bank methodology tariff.

Please call if you have any questions.
